

The Board Room at The Control Tower Bed and Breakfast

The Board Room – our medium sized double room with pink en suite art deco bathroom. A south facing room; it has a dressing table and wardrobe as well as tea and coffee making facilities.

This room was part of the Control Room where the Operations Board was located when the Control Tower was active during WWII. This was used to chalk up every flight from RAF North Creake.

Our restoration of The Board Room...

THE CONTROL TOWER
